PREFACE

There was a loose end in that a person from across the Atlantic had contacted me and I simply rejected the intrusion for I did not wish to risk what I had going for me.

But this morning, Tuesday, 11 June 2024, the previous communication needed to be posted in TCLP-USA, and I did so as follows:

The Founder of The Conservative Libertarian Society outlines the Vision for TCLP-USA

Dear Rory Nicholson

I am British citizen, and I do what I can to shape the future of the United Kingdom.

Granted that when I had the idea to make The Conservative Libertarian Society to have a global influence, I looked across the Atlantic Ocean and put in the foundation stone for The Conservative Libertarian Party of the United States of America, but that is the extent of my involvement in your country. It is not right for a foreigner to do anything more than that. It is for an American citizen to do so, one who is born in the USA thereby qualifying to stand for elections as the President of the country.

If I was to say anything more than what follows: I would be betraying my principles of non-interference in another country.

"

Preamble

People need to know where they stand in relation to the government under which they live.

The ethos and principles of The Conservative Libertarian Society (Home | The Conservative Libertarian Society) <https://www.theconservativelibertariansociety.com/>

Home | The Conservative Libertarian Society

The ethos of the Site is to pin-point the middle of the Road for Sustainable Development

The Conservative Libertarian Party of the United Kingdom (TCLP-UK) situated at

<https://theconservativelibertarianpartyoftheunitedkingdom.com> is the political offshoot of the Global Movement The Conservative Libertarian Society' (TCLS) which currently also incorporates TCLP-USA situated at <https://the-conservative-libertarian-party-of-usa.odoo.com/>

TCLS and its offshoots subscribers are Vishista Advaita Vedantists (see

<http://vishistaadvaitavedanta.com>), a universal religion that acknowledges the existence of a Personal God that they have named as being Sri Krishna-Durga but as humans they practice karma (actions) in sanatana dharma independent of God. A human being can be God through satya-advaita yoga of oneness with truth and through the mental loss of attachments to act spontaneously nonchalantly and unpremeditatedly, yet even at its peak the person becomes at one and yet distinct from God in what is termed achintya bheda abheda tatva. The religious congregation is named Vishista Advaita Sampradaya that is free of caste, race, language and sexual differences between individuals."

I hope this is helpful.

Kind regards

Yours sincerely

Hi

I came across your website and just wanted to say how much I love the pictures of your political services.

My name is Riley and I work at Marketing Automation Solutions, a lead generation company that specializes in helping political parties grow their customers base through effective online campaigns.

We recently launched a social sharing contest for one of our clients and they saw 287 new referrals in just 27 days. Can we chat about how we can do the same for you?

Thanks,

A popular leader is worth his weight in gold: Nigel Farage in the Reform (UK) Party for the general election

in TCLP-UK proceedings

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/a-popular-leader-is-worth-his-weight-in-gold-nigel-farage-in-the-reform-uk-party-for-the-general-election>

Conservative and Unionist Party have had it; it is stale. Labour socialists under Keir Starmer do not inspire any degree of confidence at all. Liberal Democrats is bogged down in Wokeism.

Here steps in the man of the hour that the nation needs: Nigel Farage. He is not only a campaigner on the most minutest injustices afflicting the nation, but also on the major issues that threaten the future of the nation.

TCLP-UK has a logical framework for sustainable development, but it has to be shelved for another generation to come to consider the knowledge that the Founder accumulated. TCLP may not be relevant to the United Kingdom as it is semi-secular in nature worshipping God in bhakti. Government will be stronger when God is acknowledged, yet we do our own thing and develop our society to meet the people's needs under Truth, Justice and Democracy. We in the United Kingdom must try something new.

I joined the UK Independence Party under Nigel Farage. I will support him under Reform (UK) Party as the now Leader and the Chairman Richard Tice.

Dear Sirs

The Financial Ombudsman Service is in the process of considering my numerous complaints against Barclays Bank and Barclaycard that I brought to your attention over the telephone from misappropriation of funds relating to British Society of Animal Production in 1998, to withdrawal of funds by Westfield General, and others (Adobe) that I have to check up my records, but it did include the problems that Barclays Bank created in relation to my Debit Card, and not ascertaining whether Kent Drivers Education had refunded funds in relation to a Speeding Offence and finally the International transfer of funds that did not reach my relatives in India within 4 days that was promised.

If your investigation on each of these matters are now complete with the Fraud Division of Barclays please let me have your final conclusive report so that I can decide if and how to complete the attached Complaints Form that has been sent to me by FOS:

Good news - a better interest rate awaits
Good news – a better interest rate awaits
Hi Shantanu,

Whatever you're saving towards, we want to help you reach that moment a little quicker.

The new Barclays Reward Saver account is a great way to make your savings work harder, giving you 2.75% AER/2.72% gross interest (variable)¹ on your savings for every month you don't touch your money - that's more than you're currently earning on your Everyday Saver account.

Your money is always instantly accessible, and if you do need to dip into your savings you'll get 1% AER/gross interest (variable) for that month.

Don't miss out, start earning more interest today by moving some of your savings into a Reward Saver.

Open a Reward Saver

Make money work for you

Reward Saver

-

2.75% AER/2.72% gross p.a. in the months where you don't make any withdrawals

-

1.00% AER/gross p.a. in the months where you make one or more withdrawals

-

Open an account from £1

-

Instant access to your money whenever you need it.

These interest rates apply at the time of sending this email. Interest rates are variable.

¹Gross interest is the rate of interest payable without tax taken off. AER (Annual Equivalent Rate) illustrates what the interest rate would be if interest was paid and compounded once each year.

Account name – Reward Saver

Interest rates effective from 18 March 2024.

What is the interest rate?

Balance

Gross rate p.a. %

AER %

£1+

The higher interest rate applies when no withdrawals have been made out of the account since the account was opened, in the case of the first month, or since interest was last paid into the account. This rate will apply for the month and reset for the following month.

2.72

2.75

£1+

The lower interest rate applies when one or more withdrawals have been made out of the account since the account was opened, in the case of the first month, or since interest was last paid into the account. This rate will apply for the month and reset for the following month.

1.00

1.00

Interest is calculated daily using your statement balance and paid monthly on the first working day of the month.

The interest rate you'll receive for each month depends on whether you've made any withdrawals from your Reward Saver account since you opened it (in the case of the first month) or since interest was last paid into the account.

Can Barclays change the interest rate?

Yes, rates are variable.

We can increase or decrease the interest rates for any of the reasons set out in your Customer Agreement (which includes the 'Barclays and you: terms and conditions for personal customers' and your Additional Terms).

For more details on when we might change the interest rates and the notice we'll give you, please read your Customer Agreement, including the additional terms. You can get this from your usual contact or read it online at [barclays.co.uk/rca](https://www.barclays.co.uk/rca)

What would the estimated balance be after 12 months based on a £1,000 deposit?

Deposit amount

Estimated value after a year

£1,000

If no withdrawals are made every month

£1,027.55

If a withdrawal is made every month

£889.38

The estimated value is based on no change to the interest rate over 12 months and no withdrawals being made.

The amount above shows the balance on an initial deposit of £1,000 after 12 months, assuming a £10 withdrawal has been made on the first day of each calendar month for 12 months (£120 total withdrawn), and interest has been added to the account.

How do I open and manage my account?

Open and manage your account - in our app, in Online Banking, in a branch or over the phone.

Eligibility criteria - You must be aged 18 or over and a UK resident.

Minimum balance - £1

Maximum balance - £10 million

See how to apply

Can I withdraw money?

Yes. Where you make a withdrawal since the account was opened, in the case of the first month, or since interest was last paid into the account, interest will be payable at the lower Reward Saver rate for that month. If you think you'll make regular monthly withdrawals, this might not be the right savings account for you.

Additional information

-

You can offset your Reward Saver account in a Barclays offset mortgage arrangement. If you do, you won't earn any interest on your account.

-

You can have more than one Reward Saver account at any given time held in either sole or joint names.

Complainant privacy notice

This privacy notice summarises what to expect us to do with your personal information when you contact us or bring a complaint to our service. A more detailed version of this privacy notice is available on our website.

About us

The Financial Ombudsman Service is a free and easy-to-use service that settles complaints between complainants and businesses that provide financial services. You can contact us [here](#). We use your personal information to investigate and resolve individual complaints and prevent unfairness. We also analyse complaints data to make our services and processes more effective for you and others. More detail is set out in the 'Why we process your personal information' section.

The personal information we use

Personal information means information that is about an individual or can identify them in some way. The amount and type of personal information we process varies depending on the individual circumstances of the complaint and why we are processing personal information. Examples of the type of information we process are your name, date of birth, financial details, phone recordings and special category data, such as health information.

How we collect personal data

We have a range of channels that individuals can use to get in contact with us. Generally, we receive personal information from the individual directly, their representative or from the financial business the complaint is against. But sometimes, where it is necessary for resolving a complaint or fulfilling our legal functions, we may also gather information from other individuals or organisations, such as a loss adjuster hired by an insurance company, a medical expert or a credit reference agency.

Why we process personal information

We primarily collect and process personal information to investigate and resolve individual complaints brought to our service and respond to enquiries and redirect individuals to the correct organisation if necessary. In addition to this we also process personal data in the following way:

- Prevent complaints and unfairness
- Improve the effectiveness of our service and processes
- Meeting your needs and making adjustments
- Work with the regulator and other bodies
- Dealing with contact you may make with us through social media
- Complying with a legal duty.

We have a legal obligation to publish final decisions made by our ombudsmen. These are published on our website. We remove the name of the person making the complaint as well as any other personal information that would be likely to identify them.

We conduct regular surveys to understand your views on the service we have provided to you. You can let your Investigator know at any time if you do not want us to contact you for our surveys.

Who we share personal information with?

We will not share your information with anyone for the purpose of direct marketing. We will not sell your data.

When an enquiry is brought to us, we need to contact the financial business and make them aware that an enquiry has been received and ask them what has happened so far. The personal details of the complainant, any representative and details of the complaint are shared during this initial process.

In order to investigate a complaint, we need to share information with both parties of the complaint to get both sides of the story. Sometimes, depending on the nature of the complaint, we may also need to share relevant information with other individuals or organisations, for example: another financial business, medical experts or credit reference agencies.

If you have a complaint about the standard of service we've provided to you, and we've not been able to resolve this, you can ask the Independent Assessor to investigate this complaint. We will pass on relevant details to the Independent Assessor so that they can investigate and respond to your service complaint.

Lawful bases for processing personal information

The law on data protection sets out a number of different reasons for which an organisation may collect and process your personal information.

Our lawful basis for processing personal information will usually be because it's necessary for our statutory function, a reason of substantial public interest or compliance with our legal obligations. On those occasions where we are not relying on any of the above, we will ensure that a suitable alternative lawful basis is used, which is likely to be where the processing is in our legitimate interests.

Where your data is processed and stored

We store your personal information in the UK or the European Union (EU). Our technical support teams in India may process your information to provide technical advice and assistance.

Where we allow access to your information from countries outside the UK, we ensure that we comply with all our data protection obligations.

How we store personal information and for how long

We know that data security is important to us all. When we receive personal information, we take steps to ensure that it is stored securely, both physically and electronically, in accordance with the internal policies that we have in place for the effective and secure processing of your personal information. We will keep your case file for 6 years after your case closes (or 3 years if we did not go on to fully investigate your case or if we transferred your case to another organisation). Paper documents sent by post are destroyed 6 months after the date they are scanned into our system. More information is in Annex A here.

What are your rights over your personal information?

Under data protection law, you have rights we need to make you aware of. The rights available to you depend on our reason for processing your information. Details of each of these rights are set out in Annex B here.

What to do if you're unhappy with how we've handled your personal information

If you have any questions about this notice or are concerned about how we are processing your personal data, you can contact our Data Protection Officer at: data.protection@financial-ombudsman.org.uk. Details of how to raise a complaint are available here.

We hope we'll be able to resolve your concerns, but if you still remain unhappy with our response, you can contact the Information Commissioner's Office at casework@ico.org.uk or 01625 545 745.

Changes to this privacy notice

We may change this privacy policy. In that case, the 'last updated' date at the bottom of this page will also change. Any changes to this privacy policy will apply to you and your data immediately.

Dear Santander Bank

The attached complaint that is in the process of being investigated by the Financial Ombudsman Service (FOS) relates to the times that Santander did not permit me to transfer £2000 to my Barclays Account and called in the Police instead three years or so ago. There was also the matter of two lots of funds withdrawn fraudulently from my Current Account held at Santander Bank since.

My accusation to the Bank is that you could not tolerate my religion and the work that I was engaged in through the Conservative Libertarian Society so deliberately attempted to embezzle these funds or cause me legal and financial difficulties.

I would like you to investigate these matters again and let me have your final conclusions so that I can decide if and how I should complete the attached Complaint Form that FOS has sent me: FinancialOmbudsmanServiceComplainant.ComplaintFormAndPrivacyNNotice-4SantanderBank.pdf

Please acknowledge receipt of this complaint as soon as possible.

Yours sincerely

Complainant privacy notice

This privacy notice summarises what to expect us to do with your personal information when you contact us or bring a complaint to our service. A more detailed version of this privacy notice is available on our website.

About us

The Financial Ombudsman Service is a free and easy-to-use service that settles complaints between complainants and businesses that provide financial services. You can contact us [here](#). We use your personal information to investigate and resolve individual complaints and prevent unfairness. We also analyse complaints data to make our services and processes more effective for you and others. More detail is set out in the 'Why we process your personal information' section.

The personal information we use

Personal information means information that is about an individual or can identify them in some way. The amount and type of personal information we process varies depending on the individual circumstances of the complaint and why we are processing personal information. Examples of the type of information we process are your name, date of birth, financial details, phone recordings and special category data, such as health information.

How we collect personal data

We have a range of channels that individuals can use to get in contact with us. Generally, we receive personal information from the individual directly, their representative or from the financial business the complaint is against. But sometimes, where it is necessary for resolving a complaint or fulfilling our legal functions, we may also gather information from other individuals or organisations, such as a loss adjuster hired by an insurance company, a medical expert or a credit reference agency.

Why we process personal information

We primarily collect and process personal information to investigate and resolve individual complaints brought to our service and respond to enquiries and redirect individuals to the correct organisation if necessary. In addition to this we also process personal data in the following way:

- Prevent complaints and unfairness
- Improve the effectiveness of our service and processes
- Meeting your needs and making adjustments
- Work with the regulator and other bodies
- Dealing with contact you may make with us through social media
- Complying with a legal duty.

We have a legal obligation to publish final decisions made by our ombudsmen. These are published on our website. We remove the name of the person making the complaint as well as any other personal information that would be likely to identify them.

We conduct regular surveys to understand your views on the service we have provided to you. You can let your Investigator know at any time if you do not want us to contact you for our surveys.

Who we share personal information with?

We will not share your information with anyone for the purpose of direct marketing. We will not sell your data.

When an enquiry is brought to us, we need to contact the financial business and make them aware that an enquiry has been received and ask them what has happened so far. The personal details of

the complainant, any representative and details of the complaint are shared during this initial process.

In order to investigate a complaint, we need to share information with both parties of the complaint to get both sides of the story. Sometimes, depending on the nature of the complaint, we may also need to share relevant information with other individuals or organisations, for example: another financial business, medical experts or credit reference agencies.

If you have a complaint about the standard of service we've provided to you, and we've not been able to resolve this, you can ask the Independent Assessor to investigate this complaint. We will pass on relevant details to the Independent Assessor so that they can investigate and respond to your service complaint.

Lawful bases for processing personal information

The law on data protection sets out a number of different reasons for which an organisation may collect and process your personal information.

Our lawful basis for processing personal information will usually be because it's necessary for our statutory function, a reason of substantial public interest or compliance with our legal obligations. On those occasions where we are not relying on any of the above, we will ensure that a suitable alternative lawful basis is used, which is likely to be where the processing is in our legitimate interests.

Where your data is processed and stored

We store your personal information in the UK or the European Union (EU). Our technical support teams in India may process your information to provide technical advice and assistance.

Where we allow access to your information from countries outside the UK, we ensure that we comply with all our data protection obligations.

How we store personal information and for how long

We know that data security is important to us all. When we receive personal information, we take steps to ensure that it is stored securely, both physically and electronically, in accordance with the internal policies that we have in place for the effective and secure processing of your personal information. We will keep your case file for 6 years after your case closes (or 3 years if we did not go on to fully investigate your case or if we transferred your case to another organisation). Paper documents sent by post are destroyed 6 months after the date they are scanned into our system. More information is in Annex A here.

What are your rights over your personal information?

Under data protection law, you have rights we need to make you aware of. The rights available to you depend on our reason for processing your information. Details of each of these rights are set out in Annex B here.

What to do if you're unhappy with how we've handled your personal information

If you have any questions about this notice or are concerned about how we are processing your personal data, you can contact our Data Protection Officer at: data.protection@financial-ombudsman.org.uk. Details of how to raise a complaint are available here.

We hope we'll be able to resolve your concerns, but if you still remain unhappy with our response, you can contact the Information Commissioner's Office at casework@ico.org.uk or 01625 545 745.

Changes to this privacy notice

We may change this privacy policy. In that case, the 'last updated' date at the bottom of this page will also change. Any changes to this privacy policy will apply to you and your data immediately.

Complainant privacy notice

This privacy notice summarises what to expect us to do with your personal information when you contact us or bring a complaint to our service. A more detailed version of this privacy notice is available on our website.

About us

The Financial Ombudsman Service is a free and easy-to-use service that settles complaints between complainants and businesses that provide financial services. You can contact us [here](#). We use your personal information to investigate and resolve individual complaints and prevent unfairness. We also analyse complaints data to make our services and processes more effective for you and others. More detail is set out in the 'Why we process your personal information' section.

The personal information we use

Personal information means information that is about an individual or can identify them in some way. The amount and type of personal information we process varies depending on the individual circumstances of the complaint and why we are processing personal information. Examples of the type of information we process are your name, date of birth, financial details, phone recordings and special category data, such as health information.

How we collect personal data

We have a range of channels that individuals can use to get in contact with us. Generally, we receive personal information from the individual directly, their representative or from the financial business the complaint is against. But sometimes, where it is necessary for resolving a complaint or fulfilling our legal functions, we may also gather information from other individuals or organisations, such as a loss adjuster hired by an insurance company, a medical expert or a credit reference agency.

Why we process personal information

We primarily collect and process personal information to investigate and resolve individual complaints brought to our service and respond to enquiries and redirect individuals to the correct organisation if necessary. In addition to this we also process personal data in the following way:

- Prevent complaints and unfairness
- Improve the effectiveness of our service and processes
- Meeting your needs and making adjustments
- Work with the regulator and other bodies

- Dealing with contact you may make with us through social media
- Complying with a legal duty.

We have a legal obligation to publish final decisions made by our ombudsmen. These are published on our website. We remove the name of the person making the complaint as well as any other personal information that would be likely to identify them.

We conduct regular surveys to understand your views on the service we have provided to you. You can let your Investigator know at any time if you do not want us to contact you for our surveys.

Who we share personal information with?

We will not share your information with anyone for the purpose of direct marketing. We will not sell your data.

When an enquiry is brought to us, we need to contact the financial business and make them aware that an enquiry has been received and ask them what has happened so far. The personal details of

the complainant, any representative and details of the complaint are shared during this initial process.

In order to investigate a complaint, we need to share information with both parties of the complaint to get both sides of the story. Sometimes, depending on the nature of the complaint, we may also need to share relevant information with other individuals or organisations, for example: another financial business, medical experts or credit reference agencies.

If you have a complaint about the standard of service we've provided to you, and we've not been able to resolve this, you can ask the Independent Assessor to investigate this complaint. We will pass on relevant details to the Independent Assessor so that they can investigate and respond to your service complaint.

Lawful bases for processing personal information

The law on data protection sets out a number of different reasons for which an organisation may collect and process your personal information.

Our lawful basis for processing personal information will usually be because it's necessary for our statutory function, a reason of substantial public interest or compliance with our legal obligations. On those occasions where we are not relying on any of the above, we will ensure that a suitable alternative lawful basis is used, which is likely to be where the processing is in our legitimate interests.

Where your data is processed and stored

We store your personal information in the UK or the European Union (EU). Our technical support teams in India may process your information to provide technical advice and assistance.

Where we allow access to your information from countries outside the UK, we ensure that we comply with all our data protection obligations.

How we store personal information and for how long

We know that data security is important to us all. When we receive personal information, we take steps to ensure that it is stored securely, both physically and electronically, in accordance with the internal policies that we have in place for the effective and secure processing of your personal information. We will keep your case file for 6 years after your case closes (or 3 years if we did not go on to fully investigate your case or if we transferred your case to another organisation). Paper documents sent by post are destroyed 6 months after the date they are scanned into our system. More information is in Annex A here.

What are your rights over your personal information?

Under data protection law, you have rights we need to make you aware of. The rights available to you depend on our reason for processing your information. Details of each of these rights are set out in Annex B here.

What to do if you're unhappy with how we've handled your personal information

If you have any questions about this notice or are concerned about how we are processing your personal data, you can contact our Data Protection Officer at: data.protection@financial-ombudsman.org.uk. Details of how to raise a complaint are available [here](#).

We hope we'll be able to resolve your concerns, but if you still remain unhappy with our response, you can contact the Information Commissioner's Office at casework@ico.org.uk or 01625 545 745.

Changes to this privacy notice

We may change this privacy policy. In that case, the 'last updated' date at the bottom of this page will also change. Any changes to this privacy policy will apply to you and your data immediately.

Dear Jo

I made no progress in relation to the huge pay-out that I expected, and am still on risperidone 4 mg, sertraline 150 mg, and Depakote 1000 mg waiting for the Parliamentary and Health Service Ombudsman to whom I had complained about the Mental Health authorities as you will note from the attached NHS Complaint form. printable.pdf.

I withdrew from the possibility of a job with Aldi in the arrangement made for an interview-assessment on Saturday 15th and 3.45 pm because of the delay in the correct diagnosis and treatment of my mental health, I had asked the PHSO for mediation with a view to having a face-to-face appointment with a Consultant Psychiatrist at Britton House, but the Surgery has not contacted me about the letter of referral yet. All I have got is an appointment with Jayne East who is a nurse on 24 October 2022 at 11.00 am

The Samaritans Dear Jo

It will not be necessary for me to complain to anyone about the Samaritans now that I know how the State of the United Kingdom works in terms of its operations to smooth the passage of proceedings through the various institutions of the State, as attached:

ToCentLonCtyCrt(SamaritansInterventions)E35YM660)15Oct2022.docx.

I should therefore address your kind email directly: These matters are highly complicated and cannot be assessed by anyone in Britton House but for the need to have the proceedings ending, I look to my GP Surgery providing me with a Report on the complaint that I filed with the Parliamentary and Health Service Ombudsman in accordance with its telephone call to me yesterday that the reports from Long Catlis Road GP Surgery and Britton House are required before a mediation or face to face appointment can be arranged by the PHSO. That is how the matter should be dealt with: that is due process so that individuals or institutions cannot cover up their past mistakes or incompetence. If they did not understand my mental condition correctly then the PHSO should adjudicate

I have nothing to hide for I am an open person who believes that all matters should be dealt with in an open transparent manner that is the best way forward. I do not play tactical manoeuvrings but as Brahman do what is right and deal with matters promptly as you would note from the attachment.

Criminal anonymous emails were sent to me and continued through to this weekend, as attached: FrCriminalAnonymous(BenjaminParkinson)14Oct2022.docs, to make my life miserable: Some one has to be held to account for these torture. I am therefore copying this email widely so that some one can take a brave stand against the perpetrators of Hate Crime against me for which me and my family have suffered for over 25 years.

I hope you will agree with this and let me know your views today. Yours sincerely

Hello Jo

The times seem to be getting from worse to a desperate situation for me and my wife here in this country as the following email would show: The Orthopaedic doctor had promised my wife that he would be contacting her later during the week when she had her first assessment appointment and had said the it would be Dr Rafiq of Spire Alexandra who would be in the

Team at the NHS that would come up with the recommended treatment. That was two weeks ago and no contact was made by the doctors. To make matters worse, my wife had a telephone call from her Wigmore Medical Centre practice Dr Reema Patel who did not even know why she is taking the pain killer Naproxen. She has never in the past 6 months had a face to face appointment with her GP, And now that the NHS is doing something but nothing concrete she fears she may lose her appointment of 2 November 2022 at Cranbrook Benenden Hospital for her spinal and back orthopaedic injury or disorder. My wife wrote to Spire Alexandra following her last appointment asking for clarification on Scoliosis and other terms used in Dr Rafiq's Report a month has gone by and no reply has been received. She fears she cannot wait till 2 November and may need to go into a Care home soon, or go to Switzerland to terminate her life such is the agony she is suffering with her back problem.

For years I had been complaining to everyone that we as a family are being victimised by the State in our medical and legal matters, which my wife always had told me was a symptom of my mental illness but now even she is saying that it seems her treatment is being blocked by powers that are hidden in secrecy. This is all the direct persecution that she and I have been victimised with over the years with criminal anonymous emails.

With the finances being what it is we cannot even go to India for my wife's treatment that our relatives are asking us to do for Rashmi.

So things are getting worse, not better for me and my family, and I need to see doctor for a face-to-face appointment except that my GP Surgery is not writing the letter of referral revised to take the following developments into account in the email below.

Hope you are keeping well and thank you for listening and caring so much. Shantanu

Dear Sirs Since I have not received a reply from Medway County Court or the Central London County Court to the following submission, it is right and proper that I should bring this to your attention so that you may take the appropriate actions. In connection with this kindly take the following communications from Barclays Bank this morning into account:

At 10.02 a text message came from Barclays Bank: 'Hi, we need to confirm some recent spend on your debit card ending 4012. Please reply to messages from 60221. Before you do STOP & THINK SCAM. Genuine organisations will never call you, to say what answers you should send for these fraud checks. If you have had such a call, it might be a scam. Your Barclays Team'.

A second message came in text from Barclays from 60221: '£99.99 at McAfee.com

CS312677440 was DECLINED. If you made all the payments above please reply Y, if there are any that you didn't make please reply N. The letter after any of your payments means it's been declined.

Your Barclay Team'.

Then at 11.13 am a text came 'Voicemail message received at 10.18 on 17 Oct. Duration 53 sec. Click of call 22201 to hear this message at your normal call rate'. The Barclays Bank had tried to speak to me from 0333 045 6005. The Voicemail said it was from Barclays Bank Fraud Department and wanted me to call the following number to speak to someone at the Bank. 03330456005' I deleted the Voicemail message because I have not received the replacement debit card and have no debit card with the number ending in 4012. It is the State setting me up in a trap for the stuffing that I gave the Medway County Court and the Central London County Court this morning to which there has been no reply. There has to be a Court Hearing wherever that takes place for Kent Police cannot dispose off the Arrest matter without a Hearing now, and the same applies to the Speeding allegation. A Court Hearing must take place to exonerate me and secure damages and compensation, or everything will be in the Court of Public Opinion in Books and websites.

Yours sincerely

-The complaint made to the organisation (any letters, emails or complaints forms submitted for the complaint).

-The complaint response(s) from the organisation including the final response and any other correspondence relating to the complaint.

You can email these, or post them to PHSO, Citygate, 47-51 Mosely Street, Manchester M2 3HQ. Please do not send originals.

Central London County Court Your Honour

Further developments have taken place that substantiates my assertion that the government has silenced Kent Police and its associated institutions such as Kent Driver Education, the Attorney General and my local Member of Parliament Mr Rehman Chishti to deprive me of my legitimate demand for damages and compensation as given in the attached Particulars of Damages and Compensation.pdf, in connection with the two Central London County Court Orders:

The Injunction that I had sought against Kent Police as attached is hence redundant:

Document_2022-05-13_152026.pdf because it was the government of the United Kingdom who directed the Kent Police into terrorising me as its COBRA had done in the construction of a fictitious unit calling itself Victims of Panigrahi Association to send me 1500-2000 criminal anonymous emails and emails to others such as bp, BLM Law, Sainsburys, Tesco, my Consultant Psychiatrist at Canada House and the Care Coordinator there, my GP Practices at Wigmore Medical Centre and Long Catlis Road Surgeries.

I have paid £100 in Court Fees to the HMCTS for my Appeal of 23 June 2021 and another £332 to Medway County Court all to no avail.

Is this the British sense of justice and fair play that my father had assured me of when he got me to come to the United Kingdom and settle down here, I ask myself.

Even the Samaritans do not respond to my emails now so it has been silenced by the government, and I am enforced with risperidone 4 mg daily, sertraline 150 mg daily and Depakote 1000 mg daily because of the inaction of the Parliamentary and Health Service Ombudsman on my complaint as attached: NHS Complaint Form printable.pdf.

As a family we are facing social care problems yet Medway Social Services do not help our family: see attached: To Medway Social Services (Care for our daughter Shanti Rupa Panigrahi).docx. My wife has been suffering for 6 months with an orthopaedic spinal injury or disorder and despite it being marked urgent by the GP's physiotherapist and having spent £1200 of our own money at Spire Alexandra, Mr Imran Rafiq seconded to the NHS does not give my

wife an appointment to help her with pain relief and recovery. So now we have to travel to Cranbrook 50 miles away to see another Private Health Consultant as NHS has denied urgent treatment that is needed.

All in all we as a family are depressed and at our wits end not knowing what will happen with us with the denial of employment by bp, Tesco, Sainsburys, Asda, Aldi, and Moto to me.

I will leave the Judiciary to make the appropriate judgment and dispose of this case without a Hearing.

Yours sincerely

To BP

Dear Sirs

I am disappointed at the continuing reluctance of BP to hire me for my special area of expertise, namely working in customer service at a petrol-station and Convenience stores and would like feedback as why this is so. Please note that I have not had any criminal convictions as all the elements of malicious communications that bp has received from apparently myself were from trolls who have been harassing me for the past five years ever since I took out a case against Kent Police in the High Court followed by an injunction to stop it terrorising, victimising and persecuting me for initially having taken out proceedings against the University of Greenwich who deprived me of my £55,000 severance pay from 1998. The case is continuing as you will note from the attached: ToKentPoliceandotherStateauthorities(Clusterbombing)2Dec2022.doc. I have titled in the document Cluster bombing to denote the fact that all the recipients were part of the State conspiracy against me for fighting for a decent life in the United Kingdom, for this is not tolerated in the Police State of the United Kingdom. My Hindu religion makes it difficult to not bend against truth but it is not impossible in the face of the fact that I need to

earn a living when the litigation has failed to evoke a response from the State authorities such that we Hindus practicing our religion are second class citizens, because we have difficulty in acceding to the State's requirements that we subject ourselves to the Dictatorial Monarchy under which we live.

When you received a criminal anonymous email a few months ago threatening to bomb your petrol station you had reported it to Kent Police whereupon PC Evans was appointed to access the intervention of the Community Mental Health Team and further developments took place as

a result of that. I repeat I had no part to play in that email and would request you to contact Kent Police to have the document reassessed by Kent Police so that the real perpetrators of the terrorism mounted on you and me by extension are investigated by Kent Police as soon as possible.

Having clarified my position I wish to know what the future holds for me in this country that I have made my home in and which I shall never leave for greener pastures at the age of nearly 66.

You still have another job application of mine at BP and I would ask you kindly examine the facts favourably so that I and my family can play a constructive role in the society with changes to my constitution and outlook on life.

I remain a loyal employee of British businesses who employ me and I shall always be loyal to the State of the United Kingdom till the day I die. As such I am copying this email to Tesco, Sainsburys and ASDA that have job applications from me pending consideration.

I am also copying this email to my GP Surgery, KMPT PALS and the Parliamentary and Health Service Ombudsman because I am not and I repeat not, mentally ill but consider myself to be the sanest person in the world and the sanest who has ever walk on the face of this Earth. My intentions to improve lives and improve the Constitution of the country that I live in under my party, the Liberal Democrats have been misunderstood by the authorities, so that I had to set up my society: <https://theconservativelibertariansociety.com>.

Hope to receive your response to this email. Yours sincerely

Dear KMPT PALS

There was a Voicemail on my Mobile Phone at around midday on Friday 9th February 2024 from Dr Oranusi of Britton House, Gillingham saying that I was supposed to be attending a meeting/appointment at that time with the Consultant Psychiatrist. I have been in India so could not attend.

The information of the appointment has been disconcerting as it was news to me for I had not been informed of the appointment by telephone or letter. I could not return the call as I did not purchase a Roaming package from EE.

It could be due to the fact that my wife (who is also my Carer for my mental disability of paranoid schizophrenia) and I have been on holiday in India from 18 January 2024 and are due to return back to the United Kingdom on 16 February 2024.

Please therefore rearrange the appointment if it is necessary stating your reasons.

I am currently having psychotherapeutic treatment by Jill Jession of Vitali Chi who has diagnosed a split mind for which 6 Zoom Sessions are planned for 2024. So please exchange notes about my mental disorders with her ahead of the appointment.

Hello Rehman

Hope you are doing well.

I have re-joined the Conservative and Unionist Party after all your help to me in the recent months. I was reassured that all is well especially in relation to the attached matter: ToLuluccMedwayCountyCourtPoliceForceControl(J00ME572)17Dec2022.docx; which you will find self-explanatory hopefully.

The Home Office Ministers may have contacted you about my queries by now, and if so please let me know what was decided. I do not still know that the Attorney General has put a Restraining Order on me to prevent me from undertaking litigations but judging by the lack of response from Kent Police to the correspondence and no Freedom of Information data that I had sought from Kent Police and HMCTS, these matters seem now to be closed avenues to me to activate, except that Kent Police still retain our desk-top computer, my Mobile Phone, Amazon Fire tablet and USB Memory Stick from the seizure of these devices on 24 November 2022. Perhaps the Attorney General can clarify this matter for me, so I am copying the email to him.

I have not received a penny of compensation nor an apology from Kent Police for what I perceived as victimisation, persecution, terrorism and defrauding of my financial rights as a Hate Crime so raised a question to the Home Secretary Suella Braverman if there should be

policy changes in accordance with what I wrote to you about a few months ago. She is holding an online meeting on the 20th of December 2022 at 5.30 pm and I hope to log in and find out if there will be any new policies announced on Policing Methods.

Be that as it may, I am ready and willing to assist the Conservatives in the Gillingham and Rainham Constituency as I wrote to Martin Goodman at Membership about -see attached: ToMartinGoodman(Conservatives MY COMMITMENT TO THE CONSERVATIVE AND UNIONIST PARTY)15.Dec2022.

On a minor matter, I logged into the Conservative Policy Forum and tried to put in a New Ideas Forum suggestion on Safety First Principle of Conservative Libertarianism in the macroeconomic management of the economy after the Liz Truss debacle but the submit button would not work for some strange reason. This is why I am copying this email to the chairman at conservatives.com

The Parliamentary and Health Service Ombudsman (PHSO) did not ever acknowledge my complaint against the National Health Service and through Kent Police appointed Social Worker (I presume) when I was arrested for the second time spaced a year apart, I received the attached letter from the Community Mental Health Team (FrBrittonHouse(letter6Dec2022received8Dec2022).docx. I am due to receive a telephone consultation from Dipti the Mental Health Pharmacist at Long Catlis Road Surgery on the 23rd of December 2022 concerning this matter because KMPT (PALS) after sending me an email following the registration of the complaint at PHSO did not come back to my reply. Merry Christmas and a Happy New Year, Rehman.Thanks for being there for me when I needed you most. I would be grateful for all your assistance

Dear Dr Panigrahi

Thank you for contacting us regarding your complaint. I am sorry to hear of the difficulties you have been experiencing and would have liked to have spoken to you about your complaint. As I have not been able to contact you on the number you have provided, am writing to provide you with information about our service and advice to assist you with progressing your complaint.

Our role

We make final decisions on complaints that the NHS in England, UK government departments and other UK public organisations have not been able resolve. Before we look at a complaint, we expect that you have complained in full to the organisation and you have received a final response to your complaint.

Our decision

We have considered the information you have provided and it appears that your complaint is not yet ready for us. This is because it is not clear if you have raised your complaint formally regarding NHS Kent and Medway NHS and Social Care Trust

It is important that the organisation is given the chance to look at your complaint, give you a response, and put right any mistakes. Often this is the quickest way for issues to be resolved.

Next steps

You will need to first raise your complaint with NHS Kent and Medway NHS and Social Care Trust, ask them to investigate your concerns and provide you with a written response. You can raise your complaint by contacting:

PALS and Complaints team (West Kent) Priority House

Hermitage Lane Maidstone Kent ME16 9PH 0800 587 6757

PALS and Complaints team (East Kent) Eastern & Coastal Area Office Littlebourne Road

Canterbury Kent CT1 1AZ 0800 783 9972

What to do after you get a response

If once you have exhausted local resolution with NHS Kent and Medway NHS and Social Care Trust you remain unhappy, you can bring your complaint to us. You will need to provide the following information;

- *Completed complaint form (available on our website www.ombudsman.org.uk)
- *A copy of your complaint (if you have it)
- *Copies of all responses received to your complaint

Once we receive all the information we need from you, we will assess your complaint and contact you about the next steps.

By law, you should normally complain to us within one year of when you first became aware of your complaint. We can put the time limit to one side if we think it is reasonable to do this. The things we consider include your reasons for not complaining earlier and how long the local complaints process took.

Yours sincerely

Anita Eastham Intake Caseworker T: 0345 015 4033

The Parliamentary and Health Service Ombudsman Dear Sir

This is an inadequate response from KMPTPALS, in that NHS England were explicitly told that Consultant Psychiatrists in mental hospitals and those in the Care in the Community Service should consider the reasons why people become afflicted by so-called disorders that then result in being regarded as patients. The circumstances are not considered by the Consultant Psychiatrists. When I was incarcerated in 2004 I clearly protested to the mental health officials under Sectioning that I was a political prisoner organised by the Prime Minister Anthony Blair. This persecution continued through the years and in 2008 when things again got very stressful for me in coping with the State- organised terrorism, I was sectioned again. This is because I have sought justice for myself and my family. This the State did not like, and continued to treat me as a mental patient fit for no employment in the formal or informal section, so I took to Social Media Journalism to highlight those injustices. It led to further State abuses on me and continued till this morning as the attached correspondence would show:

ToMaidstoneCrnCrtFolkestoneMagKentPoliceTBurroughSolicitors(ADJOURNMENT REQUESTED)19Oct2023.docx.

Further, Samaritans did not answer my question of which website I could go to in order to obtain mental health stabilising information that actually work.

Citizens Advice Bureau did not reply to my request for legal advice and representation and the Charity Commission did not respond to my query on this specific issue.

The complaint to the PHSO stands therefore.

Yours sincerely

Dear Dr Panigrahi

Thank you for your e-mail of 12 October, please accept my apologies for the delay in responding.

If you are not satisfied with our response to a complaint, the normal process is, for you to tell us specifically which parts of the response you are not happy with and your reasons for being dissatisfied. Your e-mail simply asks us to review our response, this does not provide us with enough information to reopen your complaint, however I note that you say you have referred your complaint to the PHSO, if they accept your referral and think that there is more that we can do, they will let us know.

I asked the Samaritans what it thought of my forthcoming Trial at North Kent Magistrates Court as attached: ToSamaritans(Assigned Support)20Oct2023.docx, in relation to Advice required as attached: ToNorthKentMagCrt(Still Seeking Legal Advice)21Oct2023.docx;

I have already been through the due process of directly having my complaint examined by NHS England that got channeled through to KMPTPALS, as attached:

Dear Ms Eastham

1. The process has not yet been completed, following my communication with Libra Partnership that HealthWatch Medway pointed me out to as you are aware: I am once again back with KMPT PALS with a Mental Health Nurse Jayne East on an appointment on 20 November 2023, 10 am to discuss the synopsis here:

To Libra Submission On line

Since 1998, I have gone through considerable and sustained mental disturbances and referred myself to the Consultant Psychiatrist through my GP who diagnose 'Severe Depression with Psychotic Features'. I was dismissed from service of the University of Greenwich for gross misconduct. Since then I fought through the Tribunals and civil and criminal courts of the United Kingdom as well as European Courts and the International Criminal Court. I was arrested and sectioned in a mental hospital in 2004 suffering I was told with persistent delusional disorder. After I was released from hospital I did menial jobs as I could not gain entry back into my scientific career. I continued the fight for justice and felt terrorised by unknown people that mental State led me to believe was State-organised. I was sectioned again in 2008 for a month, but released to be under the Care in the Community provisions of the State now at Britton House Gillingham Kent still suffering from what they described as persistent delusional disorder. I became a social media investigative journalist for want of an alternative career from 2011. This cause much consternation as I was publishing my findings in websites, and books. Two of the websites were suspended and following 80 sections of my autobiography 'The Allurement of Reality' my book account was also suspended. I did not have evidence that the State was behind these actions but I suspected it to be. So I took out proceedings against Kent Police in the High Court as not doing what its role in society was, namely to protect me from victimisation and persecution. This led to more terrorism mounted on me and I initiated proceedings in the Central London County Court under Claim E35YM660 against the Prime Minister for not regulating Kent Police in the proper manner. This led to further terrorism on me as I was bombarded by over 500 criminal anonymous emails by hacking of my computer. I was suspected of sending malicious communications and stalking Katrina Sale of the Conservative Party. The Police arrested me on 5 occasions plus 2 voluntary interviews in the Police Station and bailed me now until 21 December 2023.

My diagnosis changed to paranoid schizophrenia from the Consultant Psychiatrist at Britton House. I have been on medications of risperidone, depakote and sertraline over all these years with tweaking that the Consultant Psychiatrist considered necessary from time to time.

The Police have not charged me with any offences as yet for reasons of its own.

To summarise, all my mental disturbances were the direct effect of having to withstand trolling-terrorism and not getting the justice that I deserved. I was humiliated from time to time by consistent and systematic manipulations of the Judicial and Law enforcement processes of the State.

I need Libra to argue my position that I am and always have been a sane person and have conducted myself in society impeccably.

Review:

I spoke to Shantanu via telephone for a scheduled appointment on 26/06/23. He described being in crisis over a period of time and has been arrested by police four times in the last 18 months. He said

he was accused of stalking, malicious communications and harassment. He tells me that he

attended Medway Police Station recently for further questioning. He believes that trolls hacked into his email and were responsible for all the police have accused him of but the police are not having it. His laptop and phones were taken away by the police. He also informed me that he took the Greenwich University to tribunal and lost the case. He believes that the state is against him and want to repatriate him back to India but says he is not going anywhere as he will resist them.

He lives with his family and is unemployed. He is undergoing some therapy at the moment and that seems to be helping him to cope with current crisis. He is also planning for holidays with his family to Turkey and India. His appetite is good and sleeps about 4 to 6 hours at night and naps during the day. He smokes about 10 to 12 cigarettes a day but no alcohol or illicit drug use. He is compliant with meds and has not reported any side effects. He is willing to continue taking treatment.

On the phone, he sounded worried but was able to ventilate his mind. His speech was normal in rate and volume but content mixed with delusional ideas. In answer to my question he wondered whether it is because of his illness that he is reasoning the way he is. He described his mood as being up and down and most times feels depressed. He did not express suicidal ideas and there is no indication that he is physically harmful to anyone. In my view, the major risk is that of believing his delusional ideas and acting on them and also being vulnerable on the social media if he continues his exploits on the social media. His insight is limited and does appear to have capacity to consent on his treatment.

The suggested changes which he agrees with is as outlined above. GP to please adjust repeat prescriptions accordingly.

The Parliamentary and Health Service Ombudsman

Dear Sir

For the past few weeks I have been going on a merry-go-round on a complaint against the National Health Service specifically concerning my mental disorder, which is tentatively diagnosed from past communications as being paranoid schizophrenia, persistent delusional disorder, bipolar with delusions, autism, depression, mood instability, and personality disorder. As a mental patient for the past 26 years when I was first diagnosed by a BUP Consultant Psychiatrist as suffering from 'Severe depression with psychotic features' and having been sectioned twice (2004, 2008) and since then held under the Care in the Community of Britton House, Gillingham, Kent, I have been suicidal at times and have lost all the jobs that I was working in due to my mental illness. I have consulted a psychotherapist in Jill Jesson of Vital Ch and have had 6-7 Sessions of therapy from her on Zoom during the past year but these cost me £60 per Session that I can ill-afford. I used to have a Care Co-ordinator at Secondary Care in Britton House under the NHS but with changes in their working arrangements this was discontinued. I am currently under medications of risperidone, sertraline, aripiprazole and Depakote to try and control my mental abnormalities, but over the years I have had limited if any success from these, to the point that I feel very depressed and suicidal now.

Dr Odesanya had through his diagnosis referred me to Maudsley Hospital in South London for autism spectrum diagnosis and treatment and for this had arranged out of area funding from the Clinical Commissioning Group of Medway Foundation Trust but two to three years since that referral was made I am still awaiting my first appointment with a Specialist at the hospital.

The Samaritans used to give me emotional support but it could not cope with the emailed manifestation of my mental disorders and discontinued its service much to my further distress. As you may be aware my Care Plan states that I should always have the option to contact the Samaritans for soothing my nerves.

I am in dire need of a fresh diagnosis of my mental state and despite my GP Surgery having made a referral for me to see the Consultant Psychiatrist at Britton House 3 months ago for a face-to-face appointment, nothing was arranged.

Anita Eastham has said that I need to fill in a Complaint Form to register this Complaint to the Parliamentary and Health Service Ombudsman and had sent me a Form but it got deleted as I have a habit of deleting all emails after dealing with questions and issues as retaining them for long periods of time causes me further paranoia as to whether I should send reminders to recipients of the emails past, which has brought me to the attention of Kent Police that is considering charging me with Stalking people and sending malicious communications to institutions and persons for which I have been bailed to Medway Police Station until 18/21 December 2023 pending their investigations of my conduct.

If the PHSO would please contact Kent and Medway Partnership Trust and request it to arrange a diagnostic appointment with the Consultant Psychiatrist now at Britton House, this would go some way towards my rehabilitation into society for I find this array of diagnosis to cause me further worry and uncertainty leading to severe depression from the confusion that my mind suffers.

I would be grateful if you would act quickly.

Thank you in anticipation
Yours sincerely

Dear Ms Eastham

I received a telephone Call from +44 345 015 4033 twice into my Mobile Phone and on one occasion a Voicemail was left by you, saying you were calling from the Ombudsman's Office wanting a discussion and that unfortunately I could not return the call you said because of a work-related problem that you had in your office. the Voicemail also said that you had tried our Landline without success and that you would send me an email. It was concerning my email as

attached: ToParliamentary and Health Service OmbudsmanEnquiries(Case Ref: C-2093076)30Nov2023.docx

I did receive your email but waited till 5.00 pm for reasons that should be clear from the attached autobiographical book that I am currently focussing my time on: RETIREMENT PHASE.pdf

I will contact the Samaritans as you suggest because I do feel very depressed to the point of being suicidal. That is why I am sending it earlier than I had intended.

Olives Solicitors

I have reported Olives Solicitors for several months to the Legal Ombudsman who have said that your response to the possible direct resolution of this complaint is essential before the Legal Ombudsman may be able to consider the Case.

You were aware since 20 March 2023 or thereabouts that the legal process had begun against me and Kent Police could charge me with Stalking or Malicious Communications or both offences at any time of its choosing. This hurdle that I face is not overcome yet and will not be until an official document is received by me from the North Kent Magistrates Court, Kent Police or yourselves.

Olives Solicitors were reported to the Legal Ombudsman for conspiracy as Duty Solicitor with Kent Police prior to its 19 April 2023 letter to me as attached (FrOlivesSolicitorsletter19April2022.docx)and this is borne out by the fact that you never once sending me an emailed acknowledgement of 35-40 emails that I sent them, let alone a considered reply to let me know what is happening.

I have therefore been left unrepresented at North Kent Magistrates Court for the Trial Hearing of 10 November 2023, 2 pm that I had to attend in the absence of Philipa Beswick of Olives Solicitors and am still waiting for the Full Written Reasons from the Court that took into account the fullness of my mitigating factors hitherto.

I know I said that you mean well when you refuted my suggestion that I was feeling like the world is against me including the Parliamentary and Health Service Ombudsman, I did appreciate your consoling voice, but things are still the same.

I updated my book attached (REST ASSURED.pdf) up to this 15.20 pm point in Libertarian Democracy and in The Allurement of Reality Shop, for the State Authorities still have time for Dr Mwanche or the receptionist at the GP Surgery to telephone me before 6.00 pm to let me know if a face-to-face appointment will be granted, so that I can explain to Dr Mwanche what State-organised conspiracy to terrorise, persecute, victimise, obstruct justice and pervert the course of justice is when the Central London County Court will not provide Full Written Reasons for his/her continued adjournment of my Claim against the Prime Minister Rishi Sunak now for £18.4 million in damages and compensation for the 26 years of suffering that I have endured without my £55,000 severance payment from the University of Greenwich since 1998, and the refund of totally unjust costs of £4170 that I had to pay the Cabinet Office under duress from the District Judge Lightman's Order of 21 June 2021. This does not even begin to take into consideration the humiliation of being forced into incarceration into mental hospitals in 2004 and 2008 and the seven false arrests by Kent Police of myself since 15 September 2021 with seizure of one desktop computer, 3 laptop computers, 2 Mobile Phones, 2 Amazon Pads, 4 USB Memory Sticks and a dozen correspondence files under false pretences of investigating me on 'reasonable' suspicion of perpetrating Stalking on Katrina Sale and sending malicious communications to various people and institutions of the State such as British Petroleum (bP), staff of BLM Law, the Independent Office for Police Conduct, Solicitors Regulation Authority and educational establishments. I would welcome a call from the GP Surgery to discuss my physical and mental disturbances as to how these were related to the injustices that I have faced here in the United Kingdom.

Sorry to send you this email but I urgently need a psychotherapy Session with you on Zoom.
Please send me a Zoom link for it. It is not Sunday evening any more.

The Parliamentary and Health Service Ombudsman Dear Sirs

Kindly read through my reply to the response of Kent and Medway Partnership Trust below to which no consideration has been applied by the Community Mental Health Team in Britton House, Gillingham, Kent, and nor from Kent Police in respect of the linked communication:

OPEN-ENDED INVESTIGATIONS BY KENT POLICE?

(knowledgeassessmentanddissemination.com)

Even Jill Jesson of Vitali Chi, the psychotherapist is not responding to my assertions any more as is evident from the fact that I have a Zoom Session appointment with her at 9.30 am 21 December 2023 booked at the cost of £60.

She wished me Happy Christmas to my WhatsApp text: 'Are you all right Jill -soon be Christmas.' Then I texted, 'What about the New Year' how are you fixed say for 2 January?' and with no reply: I had to text her. 'I am only making a conversation; pardon me.' Still there is no reply. She obviously has since I contacted her through her own initiative when I registered an enquiry at Barks been part of the State-organised persecution on me.

I need the final report of the Parliamentary Health Service Ombudsman before 2000 hours on 21 December 2023 for a Bail Return to Medway Police Station for alleged malicious communications the investigation of which is on-going by Kent Police who are overlooking the terrorism on me below:

Dear Sirs

Stop harassing me by trolling me on behalf of the State Authorities: I am the sanest person in the world, not just alive now but who has ever walked on the surface of the Earth, not to be regarded as a mental patient of the National Health Service. All my mental nuances were directly caused by the systematic oppression and tyranny on me by the State Authorities over a 26 year period, wanting to render me to a life of poverty by marginalising me out of not only jobs that I am highly qualified for but also menial jobs in petrol stations and supermarkets. Then the arseholes put me in a mental hospital on two occasions of 2004 and 2008 and in semi-detention to this day in the Care in the Community Service of the National Health Service on enforced mental health medications that have given me severe physical side-effects. Then the vermin tried to boot me out of the United Kingdom by attempting to make me stateless, and finally fitted me on allegations of stalking and malicious communications through the Security Services of MI5/MI6 to arrest me on 7 occasions in a two year period subjecting me to Bail for attendance in an unending investigations that I have to go to the Police Station for on the 21st December 2023 at 20.00 hours in a bid to get me incarcerated into a prison cell for offences that I was not responsible for. Shall I go on more on the 26 years of hell that the State has put me through?

I then had to create my own Company to sell my 159 books to make ends meet and this they are trying their level best to destroy right as I write.

The Parliamentary and Health Service Ombudsman Dear Sir

I have not asked the PHSO to look specifically into the Police Force of Kent, but you should be aware that during many of the arrest interviews in Custody that I was subjected to by Kent Police it called in a Mental Health nurse who contacted the Community Mental Health Team at Britton House and I was then subjected to further intrusive interrogation as to whether I was mentally ill or disordered congenitally.

I have over many years determined that the Community Mental Health Team were always manipulated by Kent Police intent on covering up its Hate Crime against me and prevent the matter going to Court by getting the Team to declare me insane and unable to work out what is right or wrong so that I might then commit offences without knowing. This is untrue as I have always said. I repeat that I am not only the sanest person on Earth today but the sanest who has ever walked on the surface of the planet, and so the State of the United Kingdom oppress me as linked

The absence of an acknowledgement of a private prosecution that I have been pursuing since 2017 against Kent Police at the Maidstone Crown Court leads me to consider that this matter is not considered by the Judge as being criminal but is civil in terms of Law Enforcement.

Please therefore find attached an update as a document that I have compiled today giving details of current considerations from the Claimant's point of view (SMASHING DISPLAY- digital.pdf); that I am submitting for the Hearing or for Directions or Judgment/Order of the Court in relation to the Notice of Hearing of 20 January 2023 10 am as attached:

CenLonCtyCrtNOTICEOFHEARINGOFAPPLICATION.pdf.

Kent Police has not furnished its Report on my complaint CO/999/23.

The Parliamentary and Health Service Ombudsman has not furnished its report on my complaint against the National Health Service and Jill Jesson of Vitali-Chi.

Mr Mike Dixon of the Liberal Democrats that I joined on 1 April 2024 has now blocked me from receiving texts on WhatsApp, and will be required to testify if the matter goes to a Hearing instead or being settled on a Summary Judgment in my favour for damages and compensation of £100 million from the United Kingdom's Treasury.

This I only just realised as attached: Conclusive Evidence.docx.

Please forgive me for having wasted Police time and Resources in complaining under Your Complaint No CO/999/23. Unacceptable behaviour - warning

I write about your recent contact with us at the Parliamentary and Health Service Ombudsman dated 05.04.24, 22.04.24, 17.04.24, 10.01.24.

I have noticed that you have emailed on several occasions and have repeated the same overall concern with regards to Kent Police. I appreciate that your complaint is very important to you. However, we have discussed this with you on a number of occasions. We do not consider complaints regarding Kent

Police. We do need to consider the impact this has on the service we provide to other people who are asking for our help. Emailing our organisation about the same issue we have already talked to you about stops us from being able to help other people. As an organisation we must make sure that individual behaviour does not impact on our ability to carry out our work. In our Service Charter, we explain that we will treat people with courtesy and respect. We ask people using our service to do the same.

We consider this behaviour as unacceptable. The Parliamentary and Health Service Ombudsman supports its employees in stopping communication in these circumstances.

We do not like to restrict anyone's contact with our service. I am sending you this letter so you can have the opportunity to reflect on what led to me providing you with an unacceptable behaviour warning.

You can find further information on our acceptable behaviour commitment and unacceptable behaviour policy on our website.

1. The Samaritans as associated with Britton House Community Mental Health Team and the Parliamentary and Health Service Ombudsman is one of a whole host of issues that form part of the job that my barrister Mr Forz Khan Khan was supposed to take into account for the private prosecution of the Crown Prosecution Service for which a contractual agreement was reached in 2021. All subsequent torture that I have been subjected to by the State authorities such as the police brutality through Kent Police, MI5/Mi6 trolling terrorism in criminal anonymous emails, the perverting of the Course of justice by Magistrates and Judges in respect of <https://www.knowledgeassessmentanddissemination.com/post/claim-e35ym660-central-london-county-court-case-number-2100022559-folkestone-magistrates-court> form part of the complaint that Jason Chapman Technical Advisor at the Legal Ombudsman is currently in the process of replying to me on. PSD Kent Police has still not produced a Report on my Complaint C)/999/23 in this regard. The proceedings relating to criminality at the Reform UK Party, the Liberal Democrats and the Labour Party and Parliamentary proceedings of mine will also need to be assessed by Jason Chapman, Senior Ombudsman at the Legal Ombudsman.

1. I wish to remind you that I never had the matter of my Health improprieties that I complained to the Parliamentary and Health Service Ombudsman (PHSO) reach a satisfactory conclusion, where in I state that I am a sane human being being falsely judged to be paranoid schizophrenic something that has been reinforced recently as attached:
[FrBrittonHouse\(CAREPLAN_DrEmmanuelOranusi\)3July202312Jul2023.docx](#).

2. While the PHSO continues to deliberate over this complaint against the NHS and I await your reply to this, further issues have cropped up with my relationships with the Samaritans and the Citizens Advice Bureau (CAB) that I have complained to the Charity Commission about

today. My first complaint to the Charity Commission against the Samaritans however deposited three years ago but it was not even acknowledged in writing or by telephone communication by the Commission and I wait to see whether today's representation will meet the same fate. Similarly, the CAB was approached by me in 1998 first in relation to legal advice and representation at the employment tribunal in Ashford Hearing Centre against the University of Greenwich which had dismissed me from service after 18 years underhandedly without my £55,000 severance payment. CAB failed on that occasion and also subsequently on another associated matter.

3. I would be grateful if the PHSO combine these complaints as a single complaint of State interference in my circumstances in the United Kingdom.

Yours sincerely

Long Catlis Road Surgery Dear Dr Shah

I am referring to two missed calls on my Mobile Phone from a doctor on which Voicemails were left but no information other than stating that the call was made to return my call.

My concern is that I have been falsely judged repeatedly as a mentally disordered person suffering from various ailments like persistent delusional disorder, paranoid schizophrenia, bipolar with delusions, depression, and autism.

While there had been some doubt in my mind I have studied the matter closely and today I do not regard myself as suffering from any such mental illness that Britton House and even a psychotherapist Jill Jesson has said to be a 'split mind' whatever that means.

I tried to set up a eConsult consultation with the Surgery 10 minutes ago but it was closed for the day. So I am instead writing to you for the record.

I reject the CARE PLAN Imposed on me by Britton House as attached:

FrBrittonHouse(CAREPLAN_DrEmmanuelOranusi)3July202312Jul2023.docx

The medications for mental conditions taken over decades have caused me severe physical health problems.

The Parliamentary and Health Service Ombudsman has been complained to again this morning.

Dear Jo

You know that I am a mental patient on enforced mental 'disorder' medications imposed on me by Britton House and find it very difficult to communicate through filling in forms in websites which do not allow me the latitude to express myself clearly when the mind seeks clarity of vision; so the first step towards resolution of my complaints made on two occasions to the Charity Commission is for the Samaritans to reopen this email line of communication that you had closed on me so that I can freely without hindrance of any kind set out my concerns in detail.

Further to my communication to the Parliamentary and Health Service Ombudsman as linked here: COMPLAINTS AGAINST NATIONAL HEALTH SERVICE (NHS) AND THE CHARITY COMMISSION

(knowledgeassessmentanddissemination.com) the Citizens Advice Centre at Gillingham, Kent is still not acknowledging my emails and the dire need I have for legal advice and representation in the Magistrates Court in the face of the failure of the private legal profession to come to my assistance that North Kent Magistrates was informed about and as complaints to the Legal Ombudsman have been ignored: see

Kent Magistrates Court (knowledgeassessmentanddissemination.com)

Kindly let me know whether the complaint of State-interference in my circumstances is being duly addressed by the Parliamentary and Health Service Ombudsman following the continuing lack of response by the Charity Commission to the specific complaint against the Samaritans as linked here: HOLDING CHARITIES TO ACCOUNT (knowledgeassessmentanddissemination.com)

I need this information for legal purposes to prove to the Magistrate who will preside over the attached summons: LetterfromNKMCHearingTrial10Nov_2pm.pdf.

North Kent Magistrates Court Dear Sirs/Madam

Either I was imagining things but I really was under the impression that the Samaritans have for years been acting as a go-between agent in my legal dispute with Kent Police as another agent of the State authorities, and this was helpful to me in ascertaining many of the facts surrounding this matter because they replied to me most times but not all, and especially not the information that I was seeking was urgently required for legal purposes.

The lack of a reply to the attached email that I updated the Samaritans with causes me further and this time more severe doubt and emotional distress on whether they have ever been on my side in this dispute in not acknowledging my email let alone just providing me with emotional support for my paranoid schizophrenia, severe depression, persistent delusional disorder, autism, and bipolar with delusions:

The Parliamentary and Health Service Ombudsman Dear Delyth Jones

Thank you for your email. I did not come across your 14 September 2023 email perhaps because you had sent it to my yahoo account and it might have got into the Spam folder. Nevertheless, I had sent at least 5 emails to the Charity Commission in addition to a complaint by email several years ago against the Samaritans specifically but did not receive a reply.

In the meantime proceedings against the National Health Service, Citizens Advice Bureau and the Samaritans have moved on to the legal level of considerations as you will note from the attached correspondence:

ToOlivesSolicitors(RavinaDotun)UpdateDateDossier)27Sep2023.docx which the PhSO should find self-explanatory.

As far as my original complaint against the NHS is concerned, I do not have the pHSO Case Number any more because Kent Police confiscated all our four computers, four USB Memory Disks, two Amazon pads and two Mobile Phone for its investigations of alleged stalking and sending malicious communications by myself, for which I am due to attend a Bail appointment tomorrow at 16.00 hours and again on 10 October 16.00 hours. I do need the original PHSO Case Number for this meeting and would be most grateful if you would look through your records and dig this out for me by midday tomorrow. I did fill in an official PHSO Form. for this complaint.

You and Jill form a formidable partnership of one of the most corrupt businesses in Health Care that one can imagine. How dare you personally write to Bark: Dear Bark - 'Please ignore, he is mentally unstable and Jill is trying to help him. All the best, Allen', as attached: Complaint against Jill Jesson at Bark.docs?

She cannot write to me at 2021 hours a message on WhatsApp and then disappear from the scene of the crime instantly so that she cannot take my Video Call to test whether it was she who had written the two texts or MI5/MI6. I have blocked her now, especially because of your

own deceitful communications to me over the past year. The complaint at Bark stands. Until I receive Bark's report, do not contact me by email or telephone call on WhatsApp or Mobile Phone or landline Phone. Split mind indeed: I happen to be not only the sanest person living on the planet today but the sanest who has ever walked on the surface of the Earth. I was fighting for justice. I want my appearance in a court of law in the United Kingdom. In regard to this digest this: <https://www.thelibertariandemocrats.com/forum/diary-of-the-author/28-december-2023-19-31-pm-uk-time>.

Thank you for your good wishes for our holidays to come.

I thought of fitting in a Zoom Session with Jill before we go, but there is some problem outstanding it seems. She had thanked me after we talked and so everything looked rosy at last for me:

At 19.41 pm, I texted Jill Jesson on WhatsApp: 'Are you still talking to me.'

There was no answer immediately even though the double bar was on display so someone had read the message. To find out I Video called Jill Jesson, She did not answer,

I texted again knowing fully well that the madarchods have blocked Jill from receiving my texts and Video calls: Do you want me to book first for our reserved Zoom Session of 2 January 2024, is that now the sticking point for you Jill?'

Dear Dr Panigrahi

Your complaint about Vitali-Chi

Thank you for giving us information on your complaint about Vitali-Chi. We have tried calling you on 11 and 12 January 2024, however we were unable to get through.

Our role

We make final decisions on complaints that the NHS in England, UK government departments and other UK public organisations have not resolved.

Our decision

Based on the information you have given us, we have decided that your complaint is not one that can look at so we will not be taking any further action.

Why are you unable to look at my complaint?

What can I do next?

You may find it helpful to contact your local Citizens Advice Bureau for further advice.

We are sorry that we could not look at your complaint. We hope you find the details in this email helpful. Please note there are some important details about how we use your information at the bottom of this email.

Dear Chloe

What Jill Jesson of Vitali-Chi said this morning is: as follows:

At 8.40 am Jill Jesson texted: 'You need to listen to your intrusive thoughts carefully and challenge them to say.... Where is the evidence to suggest this is true...so catch out your negative mind

state...then switch your thoughts to your holiday/wife/family/looking for a job etc. If your thoughts

repeat then say to them...I have dealt either you already. I have no evidence so I am going to put my attention elsewhere.'

At 8.41 am, Jill texted again: 'I'm working from now Shantanu but hope this helps.'

On the face of it It seems to be good advice: I need to get to grips and not spontaneous, nonchalant and unpremeditated in my actions it seems from this, if I am going to get anywhere near the £25 million in damages and compensation from the Treasury of the United Kingdom for the 26 years of police brutality, terrorism from MI5/MI6 through the fictitious organisation calling itself Victims of Panigrahi Association (VOPA), the persecution from agents nationally and internationally in conspiracy to defame and discredit me through undermining my Company, The Conservative Libertarian Publications Limited, the systematic obstruction of justice from institutions of the State, and a concerted attempt by Judicial authorities across the board to

pervert the course of justice against me such that the University of Greenwich still owes me £55,000 in severance payment from 1998.

Is this being more fucussed and will it pay of Chloe? Yours sincerely

Dear Dr Panigrahi

Your complaint about Vitali-Chi

Thank you for giving us information on your complaint about Vitali-Chi. We have tried calling you on 11 and 12 January 2024, however we were unable to get through.

Our role

We make final decisions on complaints that the NHS in England, UK government departments and other UK public organisations have not resolved.

Our decision

Based on the information you have given us, we have decided that your complaint is not one that can look at so we will not be taking any further action.

Why are you unable to look at my complaint?

As stated above, we only have the legal power to investigate complaints about certain organisations. As your complaint is about a private company, we are unable to help you.

What can I do next?

You may find it helpful to contact your local Citizens Advice Bureau for further advice.

We are sorry that we could not look at your complaint. We hope you find the details in this email helpful. Please note there are some important details about how we use your information at the bottom of this email.

Yours sincerely

Your complaint about Vitali-Chi

Thank you for copying us into your email dated 17 April 2024 in which you have mentioned the Parliamentary and Health Service Ombudsman has not completed a report on your complaint against Jill Jesson of Vitali-Chi.

We sent you an email on 12 January 2024 advising you that we are unable to take action on your complaint. We are only able to consider complaints about the NHS in England and some Government departments.

Vitali-Chi is a private company with no links to the NHS. As Vitali-Chi is not an organisation we can investigate, we have taken no further action and will continue to take no further action.

Please note, any further emails on this matter will be logged but may not be responded to.

Dear PHSO

I am puzzled by this response to the proceedings, in which I stated that 'The Parliamentary and Health Service Ombudsman has not furnished its report on my complaint against the National Health Service and Jill Jesson of Vitali-Chi'; see link here: <https://www.knowledgeassessmentanddissemination.com/post/automatic-reply-standards-office-re-appeal-to-be-allowed-to-rejoin-the-liberal-democrats>

There is also the complaint against the Charity Commission monitoring the Samaritans and the Citizens Advice Bureau that requires assessment.

I would be grateful for an update, copied to my barrister Mr Forz Khan as attached:

Dear Sirs

The Financial Ombudsman Service is in the process of considering my numerous complaints against Barclays Bank and Barclaycard that I brought to your attention over the telephone from misappropriation of funds relating to British Society of Animal Production in 1998, to withdrawal of funds by Westfield General, and others (Adobe) that I have to check up my records, but it did include the problems that Barclays Bank created in relation to my Debit Card, and not ascertaining whether Kent Drivers Education had refunded funds in relation to a Speeding Offence and finally the International transfer of funds that did not reach my relatives in India within 4 days that was promised.

If your investigation on each of these matters are now complete with the Fraud Division of Barclays please let me have your final conclusive report so that I can decide if and how to complete the attached Complaints Form that has been sent to me by FOS:

Dear Colleagues

I have been embroiled in highly complicated legal matters for as long as I can remember, but at 5.00 pm these have come to a good closure.

I no longer think that we need any kind of Amendment to the Constitution of the United Kingdom and have terminated my tentative Party TCLP-UK with immediate effect.

I never ever do anything underhand or deceitful, so whereas I know that my old membership was discontinued by my own choice in having to contend with what I perceived was a systematic attempt to defame and denigrate me. I rejoined Reform (UK) Party today as attached: FrReform(UK)PartyMembership(Thank you)11Jun2024; and posted the following link in my website:
